O'Neill Healthcare is a Dublin based, family run company specialising in swallowing, communication and voice restoration products. We are delighted to be supporting the IASLT and IALP at the 30th World Congress in Dublin this August. We will be showcasing our communication, tracheostomy, laryngectomy and dysphasia products. On display will be the SL40 Lightwriter from Toby Churchill, our vast range of dysphagia products from Kapitex healthcare, the Proxtalker from Logan Technologies, Passy Muir speaking valves and also new to the Irish market the full range of electro larynx devices from Romet in the US.
